## CAMPTON COURIER.

BESS SEWELL, Editor. Vol. 1, No. 36.

John Lykins, of near this place, last week had the misfortune to get his house burned up with all of its effects.

Mrs. A. B. Cox and her sister, Edna Hurst, paid their parents, Z. T. Hurst and wife, of Boxer, a visit last Saturday and Sunday.

A. F. Byrd, of Winchester, who has been visiting this place and the Circuit Court at Salyersville the past six weeks, returned home on Monday.

Rev. W. T. Tyler, pastor of the M. E. Church of this place, on last Sunday morning preached a very sensational sermon, his theme being "Secret Organizations."

Among those who are glad Valentine Day is past are Rev. W. T. Tyler, Dr. J. H. Stamper, "Cousin" S. S. Combs, J. H. Stamper, Jr., I. R. Hollon, and J. W. Congleton.

R. E. Cundiff, Storekeeper-Gauger at the Ohio Roberts distillery in Breathitt county, came home Sunday to execute a new bond, which he executed, and returned to the distillery on Monday.

The Wolfe County Oil and Gas Company are having a derrick erected on the Willie Roberts farm, two miles southwest of Campton, and will drill another well as soon as it is completed.

Mrs. G. B. Stamper and children, who have been on a visit with relatives at Vanceburg the past two months, returned to Campton last week and will soon be domiciled in the residence now occupied by Wm. Wyatt.

The Stag Dancing Hall, of this place, on Wall street, midway between the store of S. S. Combs & Sons and the Farmer's and Traders' Bank, was appropriately dedicated to the king of music, mirth, and dance last week amid all the pomp, splendor and gayety attendant on such swell occasions. It was notably a pre-arranged affair that only those who bore the kinks of the "Four Hundred" should participate in this social function that made many a heart jingle with joy like the bells of a marriage feast. Those who did not unmistakably bear the stamp of fame of the jolly "smart set" were cruelly blackballed and refused admittance and robbed of the privilege of witnessing the speededding, skip-the-light-fantastic, skip-to-my-Lou performances. Even S. S. Combs and other notable ex-lights, who had worn their spurs on the dancing pavillion in the days of yore, were refused admittance on account of a predominance of age, and thereby had to walk the gang-planks with drooping heads and sad hearts. The plays were thrilling, enchanting, seductive, and joy-giving from beginning to end. It was on Thursday night when the climax of brilliancy was reached in the dedicatory ceremonies. The report that the famous Jaybird Kelly, the "harper," would assist in furnishing the music, drew a large crowd to the hall. Mr. Kelly failed to show up, and David Athey, the noted violinist, furnished the music, chiefly of waltzes, which elicited the applause of the audience through the power of its melody. In a sense the event was given in honor and celebration of Miss Harriet Smith's debut into society, which fact distinguishes the popular young lady as one of the uncrowned queens of American beauty in the celebrated "Four Hundred," which has received more than casual mention from the blood-tipped pen of Henry Watterson. In the list of plays was "A Mountain Waif," a new sensational Kentucky drama in which Mrs. Anna Beckett, the well-known local theatrical star,

headed the list of experienced players, and incidentally exploited a new phase of her talents. From the heyden from a modern coal-mining settlement with tomboyish costume and action to the subdued young woman conquered by love, is a gulf covering much and varying emotion, and Mrs. Beckett accomplished the task with exceptional skill and distinction. "A Mountain Waif" is full of telling and tragic situations, thrilling scenes, splendid scenery and comedy moments. The story is natural and simple, and makes direct appeal to the heart, the seat of irrepressible love-emotions. "The Merchant of Campton" proved an exceptionally gratifying performance. Jack Chapin, the leading impersonator, made a hit that establishes his fame, and he proved to be an ideal "Shylock." His impersonation of the character was perfect. His acting was harmonious throughout and his facial expression beyond criticism—an awful sight to behold. The music consisted of sole-leather-wear-out bedowns and popular waltzes. Many of those who tipped the light fantastic too to the sweet strains of music distinguished themselves as graceful dancers and waltzers, those receiving special mention being Capt. Jack Chapin, of Detroit, Mich.; Col. D. S. Howard, of Pontiac, Mich.; Dr. W. O. Lockhart, of Ezel, Ky.; Mrs. Anna Beckett, and Mr. and Mrs. E. P. Berney, of this place.

Clay Lacy bought of John Davidson a farm, about 100 acres, for \$900, and Mr. Davidson will move to St. Helens.

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything, but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty cent and one dollar bottles are sold by all good druggists.

## Attention, Sublett and Day.

Some very excellent bills have been introduced in the present Legislature, some not so good, and others that will never see daylight. One of the best bills introduced, which will be passed in a jiffy, is the one placing express companies under the control of the railroad commission with the railroads, so as to forestall the wholesale robberies being perpetrated by some of not all the express companies. At least this is the intention and meaning of the proposed measure. If ever there existed a more gigantic and wholesale system of thieving than that established, cherished and nurtured by some of the express companies doing business in this State, no one has ever been able to point out or locate it. If the proposed bill is not overruled by grafting scoundrels and it becomes a law, it will be the greatest relief and the richest blessing ever bestowed upon a long suffering people. Millions of dollars have been wrung out of the people of Kentucky by this giant thief.—[Jackson Hustler.

## Humors Come to the Surface

In pimples and other eruptions, but don't run themselves off that way. They mostly remain in the system—that's bad. Hood's Sarsaparilla removes them, wards off danger, makes good health sure. Take it.

## LETTER FROM MANILLA.

CAMP MARAHUT, MINDANAO, P. I., December 25, 1903.

Editor of THE HERALD:—I arrived at San Francisco, Cal., on October 25th from Fort Rano, O. T., via El Paso, Los Angeles and San Jose, a distance of 2,100 miles. The twenty-second regiment sailed October 31st, and with crowded decks the majestic United States army transport Sheridan steamed to her anchorage in the bay near Higan, 25 miles northwest of here. We had a delightful voyage, with short stops at Honolulu, Guam and Manila. The distance traveled at sea on board the Sheridan was 7,500 miles. We are in camp near the lake or river Laguna, with high elevation, and the hunting and fishing is excellent—wild hogs, deer, ducks, etc., are plentiful. The native Moro, being Mohammed, will not eat or touch pork in any shape. The natives are more ignorant than the natives of Luzon. Both sexes wear very long hair and do not wear many clothes. We have not yet come in contact with the "Datto Moro" and his army, but will perhaps go in search of him soon. They use the "bolo" principally in fighting, but I do not expect them to amount to very much. They claim that it is their faith to die fighting, but I do not expect them to be that firm or crazy in their belief.

The twenty-second regiment is an organization not new to the Philippines. It participated in the chase after Aguinaldo's shattered corps through the mountains of northern Luzon. The officers

and enlisted men are thoroughly conversant with the ways of the sly "amigo." We have been in camp here since the 6th. The weather is enjoyable with the exception of the rain that falls every afternoon; the nights are cool and it is a very healthful camp. I suppose the sun still shines bright in my "Old Kentucky Home," and the birds make music all the day." GEORGE L. ATHEY, Sergt. Co. D., 22d Infantry, Philippine Islands.

## Better Than Gold.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green of Lancaster, N. H. "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicine I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by all druggists.

## The Kentucky I. C. D. C. Meets at Danville—C. U. Man the Winner.

On the afternoon of February 5th a special train from Lexington brought the representatives of the various colleges of the State to Danville that they might engage in the Inter-Collegiate Declamatory Contest. With them came delegations of "rooters" from their respective colleges, especially strong delegations coming from the K. I. C. and the K. S. C., with less numbers from Georgetown College and Kentucky Wesleyan. A reception committee from C. U. met the visitors at the depot and conducted them to the hotel, where each man fortified himself to his own liking.

Before 8 o'clock P. M. the Opera House was crowded, and "yelling" was in order. C. T. Michel, President, at length succeeded in securing order, and after a short invocation the contest began. The declaimers were as follows: L. H. Harty Bohem, Kentucky University; "The Death Bed of Benedict Arnold," W. P. Dies, Georgetown College; "The Soul of the Victim," W. E. Nichols, Kentucky Wesleyan; "The Last Word," George F. Wycoff, Central University; "My Country, My Mother, My God," J. B. Sprake, Kentucky State College; "By Their Fruits Ye Shall Know Them."

Each declaimer was strongly applauded, and each college may well be proud of its representative.

The judges were Hon. E. B. Hoover, Rev. A. B. Chinn, and Prof. R. S. Eubank. A unanimous decision was reached, and the honor awarded to George F. Wycoff. No sooner was the decision announced than a stampede for the winner began. The C. U. boys had already moved to the front, and now leaping upon the stage bore their man off in triumph. Hats were lost, clothing torn, and all ended in intense confusion.

Mr. Wycoff has worked hard in college, taking a double course and at the same time defraying his minor expenses. This is his senior year in college and also in the Law Department. His wonderful ability is the result of persistent effort, and well illustrates that "Where there is a will there is a way." STEPHEN G. SAMPLE.

Aunt Betty Pieratt has been in feeble health for over a month, during which time she has occasionally hovered on the border line. But her energy enabled her to pull through each time until now the end is rapidly approaching. She is nearly 83 years of age, her birthday being in May, but she will hardly live to see it, so weak has she become. She has a host of relatives and friends who will regret to read these lines, and none, perhaps, more so than Evangelist Ben Bigstaff, who has been a great admirer of the old lady since during the Civil War, when he one time played a prank upon her while wearing the gray.

The famous little pills known as DeWitt's Little Early Risers not only cleanse the system but they strengthen the action of the liver and rebuild the tissues supporting that organ. Little Early Risers are easy to act, they never gripe and yet they are absolutely certain to produce results that are satisfactory in all cases. Sold by all druggists.

Whiskey is a very good thing in sickness, and the kind the Hagan Distillery furnishes is the kind best suited for medical purposes, being the purest made. We don't advise anybody to drink it for a beverage, but if they will do so they should drink the best, and, to all intents and purposes that is Hagan whiskey, the trade mark of which should be best. Read ad on our front page and when you need some "for the stomach's sake" or for sickness send them an order.

Mr. H. Haggins of Melbourne, Fla., writes: "My doctor told me I had consumption and nothing could be done for me. I was given up to die. The offer of a free trial bottle of Dr. King's New Discovery for Consumption, induced me to try it. Results were startling. I am now on the road to recovery and owe all to Dr. King's New Discovery. It surely saved my life." This great cure is guaranteed for all throat and lung diseases by all druggists. Price 50c. and \$1.00. Trial bottles free.

### A Cure for Eczema.

My baby had Eczema so bad that its head was a solid mass of scabs, and its hair all came out. I tried many remedies but none seemed to do any permanent good until I used DeWitt's Witch Hazel Salve. The Eczema is cured, the scabs are gone and the little one's scalp is perfectly clean and healthy, and its hair is growing beautifully again. I cannot give too much praise to DeWitt's Witch Hazel Salve.—Frank Farmer, Bluff City, Ky. In buying Witch Hazel Salve look out for counterfeiters. DeWitt's is the original and the only one containing pure Witch Hazel. The name E. C. DeWitt & Co. is on every box. Sold by all druggists.

From this on THE HERALD will be improved in a great many ways, not the least of which will be an increased amount of reading matter. William Woodhouse, Esq., of Lexington, has accepted a position in the office and will have charge of the mechanical department, besides furnishing gems of thought occasionally, and "our man about town" will have more time to run down the news in the community. Mr. Woodhouse was with us a few months last spring and summer, and lent lustre to the brilliancy of THE HERALD at the time.

Don't forget the old man with the fish on his back.

For nearly thirty years he has been traveling around the world, and is still traveling, bringing health and comfort wherever he goes.

To the consumptive he brings the strength and flesh he so much needs.

To all weak and sickly children he gives rich and strengthening food.

To thin and pale persons he gives new firm flesh and rich red blood.

Children who first saw the old man with the fish are now grown up and have children of their own.

He stands for Scott's Emulsion of pure cod liver oil—a delightful food and a natural tonic for children, for old folks and for all who need flesh and strength.

John Pieratt is touring the country in the interest of some harness and saddlery house that so far does not advertise. When it does our readers will hear more about it.

A meeting is in progress at Neola, or Heleehawa, which is one of the most intensely interesting that has been held in that section for some time. Revs. Wm. Davis, James Davis and Wm. Yocum are doing the preaching, and the meeting holds day and night. Some nights they hold till near midnight.

Bert Daniel, who travels this territory for the Newberry-Clay Shoe Co., of Huntington, W. Va., sells more shoes than any other man who travels in this section, and there is every reason to believe that THE HERALD aids him in doing so. The house he is connected with is one of the best in the country, and Mr. Daniel is popular with the trade, but other good houses that do not advertise and have commercial representatives equally clever, do not enjoy so good a trade. This is a hint to those houses that a little aid in this paper might do them a whole lot of good.

A man may have books innumerable, and not know what's going on in the world.

### Is the Laborer Worthy His Hire.

To THE Democrats of this Senatorial District, greeting: I am a candidate for the office of Senator from this district, subject to the action of the Democratic party, and ask all Democrats to weigh well my claims. For nearly 20 years I have been a citizen and a voter at Hazel Green, and by reason of my position I believe I can safely say I have done as much, if not more, for the success of the party than any man. In the time I have never scratched a ticket and all in all I feel that I am not asking above my dues. Then, having become a mountain man, I have on all occasions taken pride in silencing slanders about mountain people, and in this I know I deserve the gratitude of a much-maligned people. Hoping you appreciate my past services sufficient to merit your continued confidence, and praying your support, I remain, Truly yours,

SPENCER COOPER, Identified with every interest to aid the mountain people.

## State College of Kentucky.

THE AGRICULTURAL AND MECHANICAL (State College) College of Kentucky offers the following courses of study, viz: Agricultural, Horticultural, Chemical, Biological, Mathematical, Physical, Normal School, Classical, Mechanical Engineering, Electrical Engineering, Civil Engineering, each of which extends over four years and leads to a degree. Post Graduate studies are also provided, leading each to a Master's degree. Each course of study is organized under a separate faculty. The general faculty numbers more than 50 professors and instructors.

COUNTY APPOINTEES receive tuition, room rent in dormitories, fuel and lights, and if they remain 10 months, traveling expenses.

The laboratories and museums are large, well equipped, comprehensive and modern.

The Legislature appropriated \$60,000 for a College home for young women and \$30,000 for drill hall and gymnasium for men. The latter is completed and in use, the former will be ready for occupancy in October.

Military tactics and Science are fully provided for as required by Congress.

Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the College to supply. Last year the matriculation list was 604.

Summer Schools are provided for Pedagogy, Engineering and instruction in Science.

Specialists with the necessary number of assistants have charge of each department of Natural Science.

The State College of Kentucky, though bearing hitherto the title of COLLEGE, is the only institution in the Commonwealth doing, in any proper sense, University work.

The completion of the College Home for young women will provide facilities for good board and lodging. It is equipped with all modern conveniences including bath rooms and room for physical culture. It will be heated by steam and lighted by electricity.

An opportunity is afforded to them of a thorough education in Classics, Modern Languages, Literature, Science, Mathematics, Logic, Metaphysics, History and Political Economy. No other institution in the State offers advantages for the education of women at all comparable to those offered by the State College of Kentucky.

## CONSTIPATION

### WASHINGTON NOTES.

The question is being asked here why the new Department of Commerce and Labor has not succeeded better in its quest for "bad" trusts which it purposed to scare off the face of the earth by getting the facts concerning the doings of those trusts and giving them publicity. That department has been doing business now for more than a year and not one line has been printed about trusts. Secretary Cullerton has been told times innumerable where to fish to catch a nice long string of trusts, but he persists in ignoring the suggestions of Democrats. If he really meant business and it ever was intended that he should proceed against the trusts and print the facts about them, he could have collected all the data necessary for a report that would have made the trusts sizzle like a wet cat flung into flames, but the new department has been as idle concerning the trusts as has been the Department of Justice. It simply shows unmistakably that the Republican party has concluded to "stand pat" on the trust question as well as upon the tariff question and fill other questions that will enter into the campaign this year as vital issues. If the people of the country want anything done on these questions they must vote the Democratic ticket and elect a Democratic president and a Democratic House of Representatives, they will have the same vicious laws left on the statutes and will experience no relief from the present tax exactions and the present license of the criminal trusts of the country to rob the people. In electing a Democratic president and a Democratic House of Representatives, the people need not be alarmed lest tariff reduction and trust-busting under Democratic auspices will disturb business. The leaders of the party are not going to jump in and tear things to pieces. They are not going to blow up the tariff wall with dynamite, they are going to begin gently to lift the rocks off one by one until the wall is not so high that the people cannot see over it and see the tariff protected industries of this country selling goods to foreigners cheaper than they do to home consumers. I am rather sure their policy is conservative and not radical. They may not be radical enough to suit some tariff reformers, but we are all traveling the same road, and if we will go together then we will accomplish something in the end which will be of real benefit to the taxpayers of the country. If we do not, then the same old game will continue and the Republicans will laugh in their sleeves at the split between the conservatives and the radicals which continues to let them have their own way.
